50X1-HUM

1. "The machine shop of the scale factory at Hodmezovasarhely started operations in October 1951 and rumors are circulating that this factory will manufacture airplane instruments. The foremen in this new factory will be people who got their experience in the Gamma, Kontakta and Magyar Optikai Muevek factories in Budapest.
2. "As far as instrument manufacture is concerned, the Elektromos Keszulekgyar (electric machinery factory) in Godollo is working at full capacity making mostly electronic and heat sensitive instruments. This factory employs 1,800 people and it is rumored that it is to be enlarged to manufacture some new items.
3. "In Budapest construction of the mechanical scale instruments factory started two months ago (September 1951). Instruments measuring speed and height will be produced in this factory.
4. "In Debrecen construction of a factory known as the medical instruments factory has begun."
